

Song Lyrics “You Are Faithful”:

We put our trust in You for what You have done
We stand in awe of who You are
And we will fight, the battles already won
Lord, hear the cry of our hearts
Help us win the war
Help us win the war

Humble, we come before You, weary and worn
Scarred from the battles we have fought
“Stand firm and see salvation from on high,”
Is Your reply to all our hearts

You are faithful
You are wonderful
You are faithful
You are wonderful
You are God

Now we are marching onward toward the prize
Fit with the armor of our King
Giving you glory as we lay down our lives
Jesus, You are our everything

Tear down the walls that are built all around us
Tear down the walls inside us
Move every mountain that stands between us
Jesus, You are victorious
(Repeat)

You are faithful
You are wonderful
You are faithful
You are wonderful
You are God
We have won the war
We have won the war
